

7th Indoor Air Quality 2006 Meeting (IAQ2006)

Braunschweig, Germany, 15-17 November 2006

The 7th Indoor Air Quality 2006 Meeting will take place in Braunschweig, Germany, from 15-17 November 2006.

The conference is to set the state-of-the-art in the field of pollutants in museums and archives, especially research on pollutants, their sources and their effects both on collections and on human health. Other topics are interacting forms of indoor air pollution, deterioration mechanisms, the development of assessment methods, control strategies as well as national and international regulations. The format of the conference includes plenary sessions, short oral presentations and posters. The official language of the conference is English.

Location

The venue will be the Fraunhofer Wilhelm-Klauditz-Institute (WKI), Braunschweig/Germany. The institute is about 60 minutes from Hanover Airport and about 15 minutes from the central station and the city centre. Braunschweig is connected to the German bullet train system.

Scientific Committee

Peter Brimblecombe, UK
Morten Ryhl-Svendsen, Denmark
Tunga Salthammer, Germany

Alexandra Schieweck, Germany
Jean Tétreault, Canada
Simon F. Watts, UK

Post conference trip

For November 17 a post conference trip to the Imperial Palace of Goslar (UNESCO World Heritage Site) is planned (15 participants minimum).

Fees

The fees for participating in the conference are:

Before 31 July 2006	€ 150
After 31 July 2006	€ 200
